For: All FSA County Offices

Requests to Provide Documentation Related to the Non-StarLink Corn Lawsuit

Approved by: State Executive Director

1 Overview

A Background

Earlier this year many County Offices received requests from producers to provide certain documentation related to the *In re StarLink Corn Products Liability Litigation* (the non-StarLink farmer class action lawsuits).

B Purpose

This is to provide County Offices with a copy of a letter to corn growers, which informs the grower that the field maps that were previously being requested are not needed when completing the claim form.

C County Office Action

County Offices shall provide a copy of the letter in Exhibit 1 to corn growers who request certain documentation related to the non-StarLink corn lawsuit.

In an effort to facilitate a speedy claims filing process, the parties to the *In re StarLink Corn Products Liability Litigation* (the non-StarLink farmer class action lawsuits) have agreed that eligible growers who wish to file claims in this case and participate in the settlement, need **only** complete the full Proof of Claim form and submit **only** the relevant FSA Form 578s (including the Farm Summary and Farm and Detail Listing) with it. If you need copies of your FSA 578 form, your local Farm Services Agency can provide them to you.

At this time, you need not submit any field maps to the Claims Administrator in support of your claim, unless you presently have those field maps in your personal possession. In other words, if you do not presently have field maps in your personal possession, you do not need to request them from the FSA office in order to complete your claim form. If you are required, at a later date, to submit field maps in support of your claims in this case, you will be so advised, in writing, by the Claims Administrator.

If you have any further questions about completing your claim form in this class action settlement, please contact the Claims Administrator at the following address:
